A note of thanks

Solaf Elsayed*

At the end of this remarkable year, I wish to express my sincere gratitude, also on behalf of the other editors, the members of the editorial board and the publisher of the Egyptian Journal of Medical Human Genetics, to the referees of the articles considered for the 2021 volume of EJMHG. Hundreds of busy colleagues have spent their time in assessing close to 301 manuscripts submitted to our Journal, up from around 216 in 2020, in selecting the ones that may possibly be published, and in improving the quality of the selected articles. Many of the reviewers have helped us in the past years as well, and we are tremendously appreciative and grateful to them. It is largely thanks to them that EJMHG is doing well in attracting and publishing valuable exceptional articles in aspects of the genetic basis of human disease, with a particular emphasis on biochemical genetics, biological studies of enzymes and other protein deficiencies, as well as immunogenetics.

Editor-in-Chief

Solaf Elsayed, *Ain-Shams University, Egypt*

Associate Editors

Heba Elsedfy, *Ain-Shams University, Egypt*

Tanmoy Paul, *D. N. C. College, Murshidabad, West Bengal, India*
